P R E F A C E

GUARANTEE

All landscape material and nursery stock sold through our landscape department is guaranteed to be first-class stock in the size and grade specified. Any nursery stock that fails to live during the first growing season after delivery will be replaced ONCE at the proper delivery season in the spring or fall, at our option, provided

- A. Stock is properly planted and trimmed in accordance with instructions.
- B. Stock is properly watered and cared for during the first growing season in accordance with our instructions.
- C. STOCK HAS BEEN PAID FOR IN ACCORDANCE WITH THE TERMS OF THE CONTRACT.
- D. We are notified in writing by customer prior to September 1st following date of delivery as to all stock in need of replacement.

NO REPRESENTATIVE HAS THE AUTHORITY TO CHANGE THE CONDITIONS OF THIS CONTRACT UNLESS SALES CHANGED ARE ACCEPTED IN WRITING BY THE COMPANY.

INSTRUCTIONS TO BE FOLLOWED WHEN TAKING ORDERS

- A. The customer should receive a complete copy of the order showing all material purchased. This material may be shown on attached "list of specifications."
- B. Customer should initial and okay copy of specifications when accepting signed orders.
- C. A deposit of 25% is required on all orders. This is not due to the fact that we question the integrity or reliability of the customer; rather, it is because nursery stock is perishable and represents a complete loss to us in the event the customer wishes to cancel his order. Nothing binds the order nor protects the salesman and us as much as will a deposit on said order. The deposit makes it easy for us to finance our obligations, and it makes it easier for us to advance a commission to the salesman at the time the order is received in our office.

STATE SALES TAX

3% Sales Tax must be charged on all nursery stock.

X, Y, Z MARKINGS

- X - Items we have in large quantities
- Y - Items we have in medium quantities
- Z - Items we have in small quantities

INSTRUCTIONS GIVEN TO THE CUSTOMER BY THE PONTIAC NURSERY COMPANY

After the material is delivered, a card will be sent to the customer telling them how to care for their material.

THE UNIVERSITY OF CHICAGO
DIVISION OF THE PHYSICAL SCIENCES
DEPARTMENT OF PHYSICS

PHYSICS 311
LECTURE 10
THERMODYNAMICS

1. The first law of thermodynamics states that the change in internal energy of a system is equal to the heat added to the system minus the work done by the system.

2. The second law of thermodynamics states that the entropy of an isolated system never decreases.

3. The third law of thermodynamics states that the entropy of a perfect crystal is zero at absolute zero.

4. The heat capacity of a system is the amount of heat required to raise the temperature of the system by one degree.

5. The efficiency of a heat engine is the ratio of the work done by the engine to the heat added to the engine.

6. The Carnot cycle is a theoretical cycle that is the most efficient cycle possible.

7. The Clausius inequality states that the integral of the heat added to a system divided by the temperature is less than or equal to zero.

8. The Gibbs free energy is a thermodynamic potential that is useful for predicting the direction of spontaneous change.

CHIEF PONTIAC ROSES

Our roses are strong two-year plants, grown outdoors, well rooted, hardy and in first-class condition. Each plant has blossomed before it is shipped and will bloom the same year planted. They are far more valuable than mere tender shoots started in a greenhouse which lack the strength to withstand the shock of transplanting.

HYBRID TEA ROSES (BUSH)

These are everblooming varieties. They bloom from June until frost and are often called monthly bloomers.

No. 1 Plants - \$1.85 Each
(\$18.00 Per Dozen)

Ami Quinard - dark red, almost black
American Beauty - red
Betty Uprichard - orange-carmine
Briarcliff - pink
Christopher Stone - red
Condessa de Sastago - spanish two-tone
red shaded yellow
Dame Edith Helen - shell pink
Edith Nellie Perkins - pink
Editor McFarland - deep glowing pink
E. G. Hill - red
Etoile de Hollande - brilliant red
Frau Karl Druschki - white
General MacArthur - red
Golden Charm - yellow
Golden Dawn - yellow
Golden Ophelia - yellow
Golden Rapture - yellow
Gruss an Teplitz - rich crimson
Johanna Hill - yellow
K. A. Victoria - white
Lady Hillingdon - apricot yellow
Luxembourg - bronze yellow
Margaret McGredy - red
McGredy Yellow - yellow
Mrs. Charles Bell - shell pink
Mrs. E. P. Thom - lemon yellow
Mrs. P. S. Dupont - golden yellow
Mrs. Sam McGredy - orange yellow
Pink Dawn - pink
Poinsettia - bright scarlet
Pres. Hoover - flame scarlet and yellow
Picture - deep pink

CHIEF PONTIAC ROSES

Hybrid Tea Roses - cont'd.

Radiance Pink - carmine pink
Radiance Red - red
Roslyn - golden yellow
Rouge Mallerin - deep red
Soeur Therese - rich yellow
Souv. de Cl. Pernet - clear yellow
Sunburst - yellow
Talisman - red bud, opens golden yellow
The Doctor - deep pink
Yellow Talisman - yellow

CLIMBING AND RAMBLER ROSES

These are everblooming varieties. They bloom from June until frost and are often called monthly bloomers.

No. 1 Plants - \$1.85 Each
(\$18.00 Per Dozen)

American Beauty - carmine red
Blaze - red
Crimson Rambler - crimson
Dorothy Perkins - pink
Dr. W. Van Fleet - light pink
Excelsa - crimson
Mrs. P. S. Dupont - golden yellow
Paul's Scarlet - scarlet
Primrose - yellow
Silver Moon - white

EVERBLOOMING POLYANTHA OR BABY RAMBLERS

These roses are fine for hedging or as borders for a rose garden. Dwarf.

No. 1 Plants - \$1.85 Each
(\$18.00 Per Dozen)

Cinnabar - orange-scarlet
Floradora - bright red
Red Ripples - red
Baby Chateau - red
Golden Salmon - salmon
Triumphe de Orlean - red

PATENTED ROSES

There are many Patented Rose varieties on the market. We have carefully selected, however, varieties which we consider to be superior. These are especially processed for retail trade. They are painstakingly waxed and root wrapped, thus preventing the plants from drying out before planting.

ALL 2 YR #1 PLANTS @ \$2.50

H. T. BUSH EVERBLOOMING

Crimson Glory - deep crimson (Plant Patent 105)
Diamond Jubilee - buff orange (Plant Patent 824)
Enchantment - pink (Plant Patent 737)
K. T. Marshall - glowing pink (Plant Patent 607)
Mirandy - very dark red (Plant Patent 632)
New Yorker - deep red and yellow (Plant Patent 823)
Nocturne - very dark velvety red (Plant Patent 713)
Peace - yellow to white (Plant Patent 591)

CLIMBING ROSES - EVERBLOOMING

Crimson Glory - perfect crimson (Plant Patent 736)

FLORIBUNDA ROSES - for bedding or border planting, dwarf, everblooming

Pinocchio - clusters of golden to pink blooms (Plant Patent 484)

1. *Phragmites* (common in the marshes of the lower Mississippi River and in the coastal marshes of the Gulf of Mexico).

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.
